

**TECHNICAL DATA SHEET**

## dSolv LS

dSolv LS is a clear to pale yellow solvent with a mild pine odor. It originates from Pine Trees and contains primarily Limonene, along with other para Menthadienes. dSolv LS offers excellent solvency and is a prime candidate for industrial and oilfield applications. It should be noted that dSolv LS functions well as an ecological alternative to aromatic hydrocarbons. This product exhibits a <28 day biodegradability.

Property	Unit	Specification
Total Terpene Hydrocarbons	%	Min. 90% - Max. 99%
Total Terpene Alcohols	%	Min. 1% - Max. 10%
Specific Gravity	g/cm <sup>3</sup>	0.840 - 0.880
Color	---	Clear – Pale Yellow
Refractive Index	---	1.465 - 1.485
Odor	---	Soft Pine Odor

**Packaging:**                      **Drums:** 55 gallon drums  
  
   **Bulk:** Tank trucks / ISO
